TeamUp Campaign

As of October, 2017
Our Vision: Dynamic Partnerships

“TeamUp has been a valuable resource as we work to develop closer ties to Japanese universities. By reminding us of the various elements that go into a strong partnership and providing us with powerful tools to develop those strategic collaborations, TeamUp and its Road Map have empowered us to imagine dynamic, new pathways for greater exchange of people and ideas between our institution and those in Japan.

That benefits our respective institutions as well as the ongoing critical U.S. and Japanese relationship.

We are most grateful for the work our colleagues on both side of the Pacific have done in this initiative.”

- Michael Pippenger, Vice President and Associate Provost for Internationalization, University of Notre Dame
TeamUp is a powerful campaign to create and expand vibrant, innovative agreements between U.S. and Japanese universities to increase student mobility and enhance learning.

TeamUp helps schools expand current partnerships and form new ones that:

- Reach students who wouldn’t typically study abroad
- Increase diversity by adding more international students
- Enhance student learning through new methods
- Integrate experiential learning abroad with on-campus curriculum
- Expand faculty’s capacity to teach and research abroad

Approximately 20% of all colleges and universities in Japan and the U.S. have already been involved in a TeamUp activity.

People-To-People Connections Make All The Difference

The Situation
University of Hawai‘i Maui College sought to rekindle their international student program after numbers began to decline.

Dr. Lui Hokoana

TeamUp’s Actions

TeamUp selected Dr. Nakama to participate in the TeamedUp Familiarization Tour. Dr. Hokoana asked to accompany the tour – and paid his own way.

In Tokyo, Fukuoka and Okinawa, TeamUp introduced the participants to administrators, faculty and students at 12 potential partner colleges and universities, as well as the U.S. ambassador and staff at the U.S. Embassy Tokyo and the Consul General in Okinawa.

TeamUp also suggested Dr. Nakama look through the RoadMap for a partner – preferably one that was located in a sister city.

The Outcome

The TeamedUp Familiarization tour enabled faster, deeper connections on both sides. Typically, partnerships require many meetings, trips and sometimes years to establish. Within two months, Maui College signed an MOU with the University of the Ryukyus. Additional MOUs in the pipeline include Fukuyama City University, Okinawa International University, Fukuyama Municipal High School and Yamaguchi Prefectural University.

“Perhaps the most inspiring example of the program’s impact can be found in the deepening relationship between University of Hawai‘i Maui College and the University of the Ryukyus. Dr. Nakama has already returned to Okinawa for a formal signing ceremony with Dr. Kaori Kinjo at the University of the Ryukyus.”

Key Introductions Lead To Stronger Ties

The Situation
Many of University of Massachusetts Boston’s students are urban, first-generation college students who have typically been under-served. University of Massachusetts Boston had no Japanese partners, but were passionate about expanding international ties and globalizing the campus.

Key Introductions Lead To Stronger Ties

TeamUp’s Actions

We invited University of Massachusetts Boston to participate in our kickoff event of 31 U.S. and Japanese college and university presidents and senior administrators and reception at the U.S. Ambassador’s residence in Tokyo.

There, Provost Langley connected with President Takashi Hayashita of Sophia University. The correspondence between the schools continued, and we invited both to the TeamUp breakfast at NAFSA, two months later.

The Outcome

Provost Langley and President Hayashita finalized their first agreement at the TeamUp breakfast and signed an MOU shortly thereafter—the first MOU for the University of Massachusetts Boston with a Japanese university.

Now, University of Massachusetts Boston has six partnerships with Japanese universities. Provost Langley attributes each of these to his involvement with TeamUp.
